

LET ME GO

A room full of sadness
A broken heart
And only me to blame
For every single part
No Science or Religion
Could make this whole
To be loved, but never loved
To have, but never hold
It's a life alone, and a
desperate need
To be held to be loved so
This is gonna take a bit of
getting used to, but I know
what's right for you

Fly high and let me go
That sky will save your soul
When you pass by then
you'll know
That this is gonna take a bit
of getting used to but I
know what's right for you
Let me go

A head full of madness
And nowhere safe
When tears aren't big
enough, and love turns into
hate
It's a life alone, and a
desperate need

To be held to be loved so
This is gonna take a bit of
getting used to but I know
what's right for you

Fly high and let me go
That sky will save your soul
When you pass by then
you'll know
That this is take a bit of
getting used to but I know
what's right for you

So let me go life will get
better
Find the love I never gave
ya
I know you lie there waiting
all night long, so find where
you belong

Fly high and let me go
That sky will save your soul
Fly high and let me go
That sky will save your soul
But this is gonna take a bit
of getting used to but I
know what's right for you
Let me go
